In rebuilding the old Forge Mill dam workmen found embedded in the old dam a steel shovel with iron handle made together. The shovel is supposed to have been left there in 1810.

MOONSHINE.—Deputy U. S. Marshal Sam Jackson and posse raided a moonshine still in Menifee county one day last week and destroyed it. They also found one in Powell county, which had been constructed from a coal oil tank, and destroyed it with sixty gallons of beer.

PECULIAR ACCIDENT.—Monday afternoon while the T. S. Shroat house in the eastern part of town was burning boy threw a cartwheel in the fire, and the cartwheel exploded like a bomb, striking Perry Reid, of color, on the jugular vein, penetrating the skin.

FENCING BURNED.—W. W. Razor, of the Salt Lick neighborhood, was burning some brush on his place one day last week and soon the dry grass and weeds in his meadow were soon in a blaze, setting fire to the fence in several places at once, and in spite of the efforts of Mr. Razor and neighbors about two hundred panels were destroyed.

NOTIFIED TO QUIT.—Squire J. W. Clinckbeard, who is a candidate for re-election as Magistrate at the Bath Circuit Court, received through the mail a few days ago an anonymous letter warning him to withdraw from the race. A similar communication was found nailed to his barn door. It was in Squire Clinckbeard's district that Dunbar's and Robertson's warehouses were burned by night-riders early in the spring.

TAKEN TO LEXINGTON.—Mrs. H. A. Lyter, of near town, has been seriously ill for some time and Tuesday last week Mr. Lyter sent for his brother, who is physician and surgeon in the Wabash Hospital, Oberlin, Ohio. Dr. Lyter came and with Doctors Guggell, Walden and Feland pronounced Mrs. Lyter's case appendicitis, all agreeing that a surgical operation was necessary. According to Wednesday morning the surgeons were all on hand and everything in readiness for the operation when Dr. Feland made the suggestion that while the operation could be performed as well there as elsewhere they were not prepared to administer the after treatment necessary. This timely suggestion had so much weight with Mr. Lyter that he determined to take his wife to the hospital at Lexington, and procuring an automobile from Mt. Sterling proceeded at once to Lexington. When they got there Mrs. Lyter was too feeble to undergo the operation at once and it was postponed until Monday.

NIGHT-RIDERS NOT TO BLAME.—Squire Clinckbeard is a candidate for re-election as Magistrate in the Bethel-Sherburne district, was in town Tuesday and showed to a few the notices he received a few days ago warning him to withdraw from the race for office. The person who wrote the notices is either of a very low order of intelligence or disguised his identity very successfully. Squire Clinckbeard is sure the notices did not originate from tobacco night-riders, but were from parties against him, as he was recently compelled to decide in cases before his court. The Squire's friends advise him to invoke the law.

THE BEST HE KNEW.—Gladstone, a Jamaican negro, was assistant to a district physician in the Canal Zone, and, being rather poor in his Latin, the bottles had been numbered for his benefit. One day a Spanish laborer came in for medicine and the doctor told his worthy assistant to give him two pills out of number six. After he had gone the doctor said:

"Gladstone, did you give the man a dose of number six?"

"Oh, no, doctor, number six was finished, so I just gave him one pill out of number four and one out of number two."—Lippincott's.

PADDLED.—It is said the Lexington school census was padded and that the city schools will receive \$4,155 less this year than they have received for several years. This is by a decision of State Superintendent Crabbe.

NEW DAILY.—The News is a daily paper just started in Winchester. Winchester is a rapidly growing town and its merchants and business men are as enterprising as any in Kentucky, and it is amply repaying them to give this new daily a strong support.

Mrs. George Collier, wife of a rancher at Occidental, California, was driven by falling into a vat of wine.

ALL WELL.—A certain Mme. Cresswell died in Bridewell, says an English journal, and bequeathed \$10 to have a sermon preached in which nothing but what was well of her should be said. The sermon is said to have been written by the Duke of Buckingham and was as follows:

All I shall say of her is this: She was born well, married well, lived well and died well, for she was born at Shadwell, married to Cresswell, she lived at Clerkwell and died at Bridewell.

Criticism is the friend of success. The love of money is the easiest of all roads to cultivate. A woman says that a little man may be great, but none are a superior.

The wise man who has a good opinion of himself keeps it to himself. It's easy for a man to get in the swift class if he's on the down grade.

Beware of the little fellows. Mosquitoes are more bloodthirsty than lions. It is when we have wrongs that we most distinctly feel that we have rights.

A SUGGESTION FROM JAPAN.—A young Japanese, with the national love for cleanliness, came to London to study. As he was a stranger in the city he had to select his own lodgings.

His first choice was not happy. The hall especially was very dirty. This the new comer did not like, but decided to say nothing to his friends.

One rainy day the maidervent put up this notice: "Please wipe your feet." The Japanese student wrote underneath, "on going out."—Ladies' Home Journal.

A GRUESOME CHARM.—It was reported that in order to keep from hard work Curt Jett cut off a finger soon after he was sent to the penitentiary and it is now said that one of the prison guards is wearing the dismembered finger as a watch charm.

TAKING CARE OF PAPA.—Rev. A. C. Dixon, of Chicago, upon leaving home for a long journey, kissed his four-year-old boy goodbye, saying, "I want you to be a little man while father is away, and I want you to be sure to take care of mamma."

The boy looked at his father with his big eyes very gravely, and said: "Yes, papa, I will take care of mamma."

That night the boy knelt and prayed: "Please, Lord, take care of papa, who has gone away. Please take care of grandma, please take care of auntie and of Mary. But, Lord, you needn't take care of mamma. I'm going to take care of her myself."

TURKEY FEARS WAR

**DISBURSED BY THE MILITARY
ACTIVITY OF BULGARIA.**

THREAT FOR MONTENEGRO

**Austrian Fleet Anchors Close to its
Support—Power of a single
Program for the Con-
ference.**

Constantinople.—Disturbed by the news of Bulgaria's military activity, the Porte has instructed the Turkish representatives abroad to call this matter to the attention of the powers and to state also that Turkey will decline to take the responsibility for its present attitude unless in hostilities.

Austria Threatens Montenegro.
Cettinje, Montenegro.—Six Austrian warships were anchored Thursday off Spalato, in Italian-occupied Dalmatia, and Austria-Hungary. They are no more than ten miles from Antivari, the sole seaport of Montenegro.

Agreement Between Powers.
London.—Great Britain, Russia and France have reached an agreement on a program to be submitted to the other powers as a basis for discussion by the proposed European conference to settle the Balkan situation. The proposals to be laid before the powers are eight in number. The first is to the effect that articles 1 to 22 of the treaty of Berlin, which relate to Bulgaria and eastern Rumania, should be replaced by stipulations recognizing the independence of Bulgaria as at present constituted, and determining the financial obligations of Bulgaria toward Turkey. New clauses probably will settle also the question of the Oriental railway.

The second and third proposals are that the powers shall take steps to the annexation by Austria-Hungary of Bosnia and Herzegovina and the return of the same to Turkey.

Provision Regarding Crete.
Article 4 relates to Crete. It replaces article 23 of the treaty of Berlin by clauses recognizing the annexation of Crete to Greece, and determining the financial obligations of Greece in respect to Crete, toward Turkey. It is understood that the four powers charged with the protection of Crete, Russia, Great Britain, France and Italy will settle the Crete question in concert with Turkey before referring it to the conference. The fourth proposal is that the powers proposed that the Crete question of article 23 of the Berlin treaty, which provides special regulations for the government of other parts of European Turkey, shall cease to have force when the powers shall have reached a satisfactory settlement has been effected.

The fifth proposal is to the effect that arrangements similar to the above shall apply to the Armenian provinces of Turkey.

Article 6 deals with Montenegro. The Montenegrin rights of sovereignty are limited by article 23 of the treaty of Berlin. It is proposed that articles 23 to 31, inclusive, of the Berlin treaty, shall be considered as annulled, and that the restrictions imposed by the treaty under the original article 23, which it is proposed to sweep away.

Plan Compensation to Serbia.
The seventh point of the program is the statement that it is desirable to seek and give compensation to Serbia and Montenegro by the powers of the Balkan and Herzegovinian frontiers, adjoining Novipazar. This is taken to imply that the powers are to take from the territory annexed by Austria-Hungary.

Proposed 3 concerns the river Danube and declares it is desirable to revise the regulations governing Danube traffic so as to give equal rights to the states bordering on the river.

Will Move Hindus to Honduras.
Yanover, B. C.—J. B. Harkin of the department of the interior of the Dominion government has solved the Hindu question so far as the province of British Columbia is concerned. He has decided to move the Hindu colony, consisting of more than 2,000 persons, is to be moved from British Columbia to Honduras. The Hindus are anxious to move and the imperial government will assist in the cost of transporting them to their new home. A copy of the Hindu colony here is not only out of work but actually starving.

CHICAGO CHAMPIONS AGAIN

**CUBS CAPTURE THE FIFTH GAME
FROM DETROIT TIGERS.**

**Decrease of Interest This Year Shown
by Attendance—Team's Defeat of
Gate Receipts to \$45,000.**

Detroit, Mich., Oct. 19.—Following Detroit Wednesday afternoon, 2 to 0, the Chicago team of the National League retained its supremacy in the baseball game. The present series differed but little from that of last year. In the previous series Detroit managed to get one tie game and then went down in four straight defeats. In the present series, Detroit matched one victory out of the five games played.

The Chicago team, according to the critics, showed superiority in every department of the game in the series as a whole, although its superiority was not so apparent on the day that Detroit won.

Detroit was handicapped by Schmidt's inability to cut down runners at second and by the failure of her billy hitting outfield to bat at critical moments when hits meant runs. None of the Detroit pitchers seemed able to consistently puzzle the Chicago batters, for even Mullin, who pitched the only victory, was out of the game after four innings. The series was a disappointment to the Chicago fans, who had expected a close contest. The Detroit team was not there with the games were singularly free from squabbling and on only two or three occasions were the umpires questioned. At no time was it necessary for a player to be sent to the bench to enforce a foul or bad play. The series, however, created less interest in the two cities than the series of last year.

The paid admissions were only 62,222 for the five games and the total receipts were only \$19,575, as compared with \$101,000 for the series of last year. The gate receipts for the five games were \$19,575, with gross receipts of \$27,570.

Of the money taken in the players of Chicago, the Detroit players received \$68, and the Detroit players \$18,447. The club owners net \$19,575, as compared with \$101,000 for the series of last year. The gate receipts for the five games were \$19,575, with gross receipts of \$27,570.

STORM FLEET DELAYED BY STORM

**RAN INTO A TERRIFIC GALE
NORTH OF LUZON.**

**One Man Drowned and Some Damage
Done to Vessels—Arrival at
Yokohama Sunday.**

Tokyo.—The delay of the American battleship fleet arriving at Yokohama was due to a tremendous storm off the north coast of the island of Luzon of the Philippine group. The storm began on the morning of October 12 and continued until the afternoon of October 13. One man was drowned and some damage resulted to the fleet.

The details were communicated to the Associated Press at Tokyo by wireless telegraph from the battleship Connecticut through the special courier of the Japanese government. The fleet will arrive at Yokohama at nine o'clock on the morning of October 18.

The wireless dispatch from the Connecticut was dated 5:10 a. m. October 17 and was sent by way of wireless telegraph to this place. It did not give the details of the storm encountered by the fleet, but simply stated that on the morning of October 12 the fleet ran into a terrific gale and that the ships were damaged.

Tremendous seas were kicked up and one man was washed overboard. The dispatch did not state from what ship the man was lost. There was some slight damage to the fleet, but heavy seas, but nothing of a serious nature, and the dispatch stated that the fleet will arrive at Yokohama at nine o'clock on the morning of October 18.

WRECKED HOME HE FURNISHED

**THEN NEBRASKA MILLIONAIRE
KILLED HIS PARAMOUR.**

**After Which He Ended Bloody Work
With Suicide—Terrible Deed of
Grain Magnate.**

Omaha, Neb., Oct. 19.—"Not only my brother that something terrible is going on here, but a few minutes later I telephoned Sewell Sleeman, a millionaire grain dealer, to his clerk just at mid night Saturday.

An hour later Sleeman was found lying dead across the feet of Eva Hart, with whom he had been cohabiting, and who was also dead. Each had a bullet hole in the right temple and his revolver was still in Sleeman's hand.

Sleeman was one of the best known grain magnates of the West. Sleeman, having a line of 20 grain elevators in Nebraska and Iowa he operated a line of grain elevators in a number of western cities and towns, securing Chicago board of trade quotations, despite the efforts of that organization to prevent him doing so. He has been fighting the Chicago board of trade for years and the secret of his quarrels has never been discovered.

Sleeman, who was 50 years old and had a wife and family, from which he was divorced several months, had been living with the Hart woman, who was 24 years of age, for three years. Miss Hart lived with her brother in a home said to have been furnished by Sleeman.

The two were at dinner Saturday night and went to the Hart home in Sleeman's automobile. The girl's brother, who was a doctor, was with them. Just before midnight Sleeman phoned his clerk, J. P. Connors, and told him to get the prospective bride.

Connors immediately notified the police that an offense against the law had been committed to induce the girl's parties.

He also instructed and indicted the girl on a charge of seduction. Sleeman was on a motorcycle, was started for that place. He arrived in half an hour and his phone message had been received.

Bursting open the door, the officer found the couple in a room. Sleeman was on the floor, his head broken, and the girl was on the floor, her head broken. The room was a mess, with furniture broken, and the girl was on the floor, her head broken.

Sleeman had evidently said to her to finish the job as soon as she is dead, said the note.

Frankfort, Ky.—By falsely stating the county of his residence a money lender in Kentucky can loan \$1,000.00 on mortgages and not pay a cent of taxes. This fact is made known by County Assessor Hawkins, who has been requested to look up the residence of William Morgan and John Hays, who have been loaning money on mortgages in Fayette county and living their residence at Frankfort, Ky. Under the law there is a provision that where a man lives in one county and loans money on mortgages in another county it shall be the duty of the county clerk where the mortgage is recorded to certify to all mortgages and the amount of each to the county assessor in the county of the lender's residence.
